Subject Index

- abnormalities
- bone dysplasia, mucopolysaccharidoses, tomography, X-ray computed, tooth, 45
- automatic data processing
- telecommunications, computer communication networks, radiography, dental, 214
 - computer communication networks, information systems, radiography, dental, 195
- bone development
- cleft palate, cervical vertebrae, velopharyngeal insufficiency, 36
- bone dysplasia
- mucopolysaccharidoses, abnormalities, tomography, X-ray computed, tooth, 45
- bone resorption
- periodontitis, radiography, dental, radiographic image interpretation, computer assisted, 40
- cervical vertebrae
- cleft palate, velopharyngeal insufficiency, bone development, 36
- cleft palate
- cervical vertebrae, velopharyngeal insufficiency, bone development, 36
- Computer communication networks
- information systems, software, radiography, dental, 217
 - information systems, automatic data processing, radiography, dental, 195
 - telecommunications, automatic data processing, radiography, dental, 214
- cost effectiveness
- decision making, radiography, dental, endodontics, 154
- cross-infection
- radiography, dental, infection, 16
- cysts
- radiography, dental, digital radiography, mandible, 88
- decision making
- periapical diseases, radiography, dental, radiography, panoramic, 135
 - cost-effectiveness, radiography, dental, endodontics, 154
- dental caries
- radiography, subtraction technique, dental restoration, permanent, 59
 - image processing, computer assisted, radiographic image enhancement, radiography, dental, 127
- dental implantation
- radiographic image enhancement, tomography, X-ray computed, 203
 - radiographic image enhancement, signal processing, computer assisted, subtraction technique, 209
- dental implants
- tomography, radiation dosage, 65
- dental restoration, permanent
- radiography, subtraction technique, dental caries, 59
- dermoid cyst
- magnetic resonance imaging, 102
- diagnosis, computer assisted
- image interpretation, computer assisted, expert systems, image processing, computer assisted, 180
- diagnosis, computer-assisted
- radiography, dental, image interpretation, computer-assisted, periapical diseases, 190
- diagnostic imaging
- radiography, dental, signal processing, computer assisted, radiographic image enhancement, 198
- digital radiography
- radiography, dental, mandible, cysts, 88
- endodontics
- decision making, cost-effectiveness, radiography, dental, 154
- expert systems
- diagnosis, computer assisted, image interpretation, computer assisted, image processing, computer assisted, 180
- filtration
- radiography, dental, image enhancement, 5
 - radiography, dental, image enhancement, 73
- form perception
- image interpretation, computer assisted, image processing, computer assisted, pattern recognition, 184
- fractures
- tomography, X-ray computed, orbit, maxillofacial injuries, enophthalmos, 70
- Gardner's syndrome
- radiography, panoramic, osteoma, polyposis syndrome, familial, 93
- image enhancement
- radiography, dental, filtration, 5
 - radiography, dental, filtration, 73
- image interpretation, computer assisted
- image processing, computer assisted, pattern recognition, form perception, 184
 - diagnosis, computer assisted, expert systems, image processing, computer assisted, 180
